

Randwick Primary School: Resilience, Passion, Success

NEWSLETTER

17th March 2023

Dear Parents and Carers,

What a week we've had. Science week has prompted many conversations throughout the school, from famous scientists, exciting experiments to future jobs the children are interested in. Many thanks to PFORS for funding our most exciting new additions ... great excitement flooded the school with the hatching of our first 2 ducklings. They will stay with us all of next week, so please pop in to share the joy they've brought to the school.

Thank you for your support with our fundraising efforts for Comic Relief today - the children's hairstyles were truly amazing. We have been thinking about justice in the context of our own lives and worldwide, so it was great to see so many children supporting this important fundraising. We'll update you with Randwick's contribution next week.

Best wishes,
The Governing Board

Diary Dates

Please ensure meal bookings for week commencing 27th March are made by midnight on the 21st March

Please see next week's bulletin below

**Owls/Buzzards
School Trip Tuesday 21st
March Cotswold Wildlife
Park
REMINDER**

The coach will be leaving from **Stratford Park at 9:00**; children will need to meet us at **Stratford Park as 8:50** prompt, so we can register them before leaving. We aim to arrive back at Stratford Park at 3:30 to allow you to pick up siblings from school.

The children will need to wear their school uniform and have a warm, water proof coat, a packed lunch and water bottle in a rucksack.

CLASS NEWS

Owls

Owls have loved watching the eggs hatch – some of the children were secretly hoping for dragons or penguins! We have taught them how to eat and drink. On Monday the ducks will be having swimming lessons.

Buzzards

What a rainy week, but it didn't stop us from working hard and learning a lot in Buzzards.

The children had the opportunity to go and plant some strawberries, potatoes, and lettuce to name a few in the mini-allotment with nanny Aldous and Miss Parsons earlier this week.

Some of the seeds we planted a week ago have already started to germinate, and we've started to keep track of our findings.

In DT, the children have been working very hard on their hand puppet designs and sewing projects. Thank you to all that volunteered.

**Top Doodle Class:
Kestrels**

**Top Doodler:
Emma Wilson**

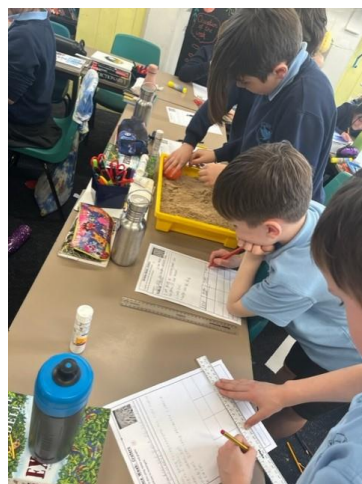

Kestrels

We have loved throwing ourselves into our science this week! We found out about what jobs in science interest the children and heard about some scientists that inspire us.

In our science topic, we found out how water is transported in a plant. We learned how transpiration and capillary action draws water up the stem. We found these practical demonstrations of capillary action fascinating.

Hawks

In Sparrowhawks class this week, as part of our science about the Earth and Space, we had fun making and measuring craters! We worked in groups and thought carefully about the different variables that may affect the size of a crater. We thought about the height from which the meteor was dropped, the angle it hit the earth at, the mass of the meteor and also the density of the ground that it was hitting. We thought carefully about how we were going to record our results in a table and then used the data to generate a graph. We showed great team work and worked really hard in our groups to gather our results.

WEEKLY AWARDS

Jay – for persevering with some extremely challenging maths problems

Leia – for persevering with challenging maths problems

Matilda – for being resilient all week, through all of our assessment and having a go at all of the questions

Lenny – for demonstrating superb hockey skills

Bella – for always trying your best and having a go at every task, even when you find things tricky

Joe - for a fantastic attitude towards challenges.

Harrison– for demonstrating superb hockey skills

Ebon - for brilliant effort and enthusiasm in swimming.

Olive - for fantastic progress in her Maths.

Jessica – for always coming into school with a smile on your face and being respectful to others.

Holly– for demonstrating superb hockey skills

Albie – for his great work in DT learning to sew

Elsie – for not giving up when she found the sewing difficult in DT

Eli – for being brave and holding the ducklings

Elijah– for demonstrating superb hockey skills

Elsie – for her amazing writing in drawing club

Bella – for super independence in her writing

ATLAS SPORTS

The children have enjoyed learning new hockey skills this week in our PE sessions
